"They devoted themselves to the apostles teaching and to the fellowship, to the breaking of bread and to prayer." Acts 2:42-47

### PRAISES & THANKSGIVING

**RONNIE HALPIN:** Praise God that my uncle's surgery was successful. It ended up being a six vessel by-pass.

### WALNUT HILL FAMILY REQUESTS

**ANNEMARIE:** Update: Julia's procedure went well. They didn't find the toy anywhere obstructive and it was not in the stomach so likely, it is in the lower intestine and will make its way out in time.

**Deborah Denzel:** Please pray that we will gather the strength we will need in dealing with new health issues.

### COMMUNITY REQUESTS

**BARBARA:** Please pray for continued protection for Kenge Dibold, a commander of the U.S. Navy Seals, who has been stationed in Iraq this past year. Pray that he would know the Lord's peace and that his wife would know the Lord's presence as she awaits his return.

**NADILSON BOMFIM:** Please pray for Joana DeBarros, Pastor Ophir DeBarro's wife. She has pancreas cancer and doctors said there is no hope. God has used this time for healing and approaching broken relationships. Pray that God gives pastor Ophir and his family wisdom and comfort in all of this.

**VICKY CALVER:** Pray for all the Walnut Hill guys involved in serving in the overflow homeless shelter in Danbury this week.

**KAREN CURRAN:** Please pray for my friends Elaine and Lyle who are having a baby girl next month. They have found that the baby has a minor heart defect that will require surgery after birth. Pray for a safe delivery and successful surgery. Also, for them to turn to Him and find His amazing love and peace during this time.

**JESSICA GREENWOOD:** A brush-fire broke out in the foothills of Montecito CA, and quickly swept down the canyon and onto the campus of Westmont College. Students were evacuated to the gymnasium (fire proof) in the early evening where they spent the night. As of the news right now, there are no known injuries to members of the Westmont community. However, the campus suffered the loss of four buildings along with 14 faculty homes in an adjacent housing complex. Please keep them in your prayers.

**CELESTIN MUSEKURA:** Pray for Alarm in Congo which is currently hosting sixteen families but food and water is scarce. Please pray for us. Also pray for the new attacks that started in late October in the surrounding villages, many died, many were severely injured and IDP camps were burnt to the ground where people lost everything. Pray for the people who have to find new refugee places. It is rainy season so many need shelter and food is scarce.

**CAROLYN MCDONALD:** Pray for my sister-in-law's family. Her step-mom, Stephanie, who had terminal cancer, died this past weekend. Pray for family forgiveness and harmony and to come together at this time in peace.

**MARY TRODAHL:** Pray for Maggie, almost 4yrs. old, who continues to battle leukemia. Her body is having trouble fighting infections and so she is back in the hospital again.
