

Completely Rewritten "Manual of Croatia" Now Available

The original English version of Dr. Rommerskirchen's "Manual of Croatia Issues 1941-45" has been totally rewritten as a project of the Croatian Philatelic Society (CPS) and is now available on CD-ROM. Included in the Manual is a completely revised text with many corrections and additions due to discoveries over the 25 years since the first edition was written. High-resolution color scans of all the material are provided so the reader can actually see the items being described. Also included in the updated manual is an extensive section detailing Fakes and Forgeries of NDH material. This CD is essential for any advanced collector of Croatia. The price of the CD is \$49.95 plus \$3 S&H to addresses within the U.S. or \$7 S&H to addresses outside the U.S. via International Airmail. Orders should be sent by regular mail or e-mail to:
