Hey Lou.....Once lived onnever knew of any Anti-Americans living there then..... You see, Good Neighbor, you are wrong, are anti-american, support a murdering dictator.....and where in the name of America were you when your wondrous, sex hungry president Bill Clinton was killing innocent civilians..... You darn sure weren't selling stupid signs in the neighborhood for \$5.00..... Thank God for all the wars that have been fought to keep stupid people like you able to speak freely and sell their stupid Anti-American signs..... God Bless..... Johnny
